

KING DAWIT TOURS ETHIOPIA HYGIENE PRACTICES AND PROCEDURES TO AVOID THE SPREAD OF COVID 19

We, King Dawit Tours Ethiopia:

- ✓ Provide hand sanitizer and face mask to our team before any tour started.
- ✓ Encourage our tour participants to bring their own hand sanitizer and face masks and even we provide sanitizers on the tour vehicles.
- ✓ Place signage around tour vehicles / vessels to remind our staffs and our guests to maintain hygiene practices.
- ✓ Advise our tour participants when they book and when they arrive at a tour to not participate if they are unwell with symptoms such as sore throat, runny or blocked nose.
- ✓ Not allowed any of staff members who is unwell with symptoms such as sore throat, runny or blocked nose, coughing or sneezing should not attend work.

Our Advice You Should Follow:

- Wash your hands frequently with soap and water or use hand sanitizer at the beginning, during and end of a tour, after going to the bathroom, before and after eating and after touching your face or hair.
- Use face masks and always cover your mouth.
- Avoid touching your eyes, mouth and nose.
- Any participants who are unwell with symptoms such as sore throat, runny or blocked nose, coughing or sneezing should stay at home and not attend tours.

Our main concern is your safety!!
